

# The Enabler Partner Program

Grow smarter. Scale faster.

Sell better — together.

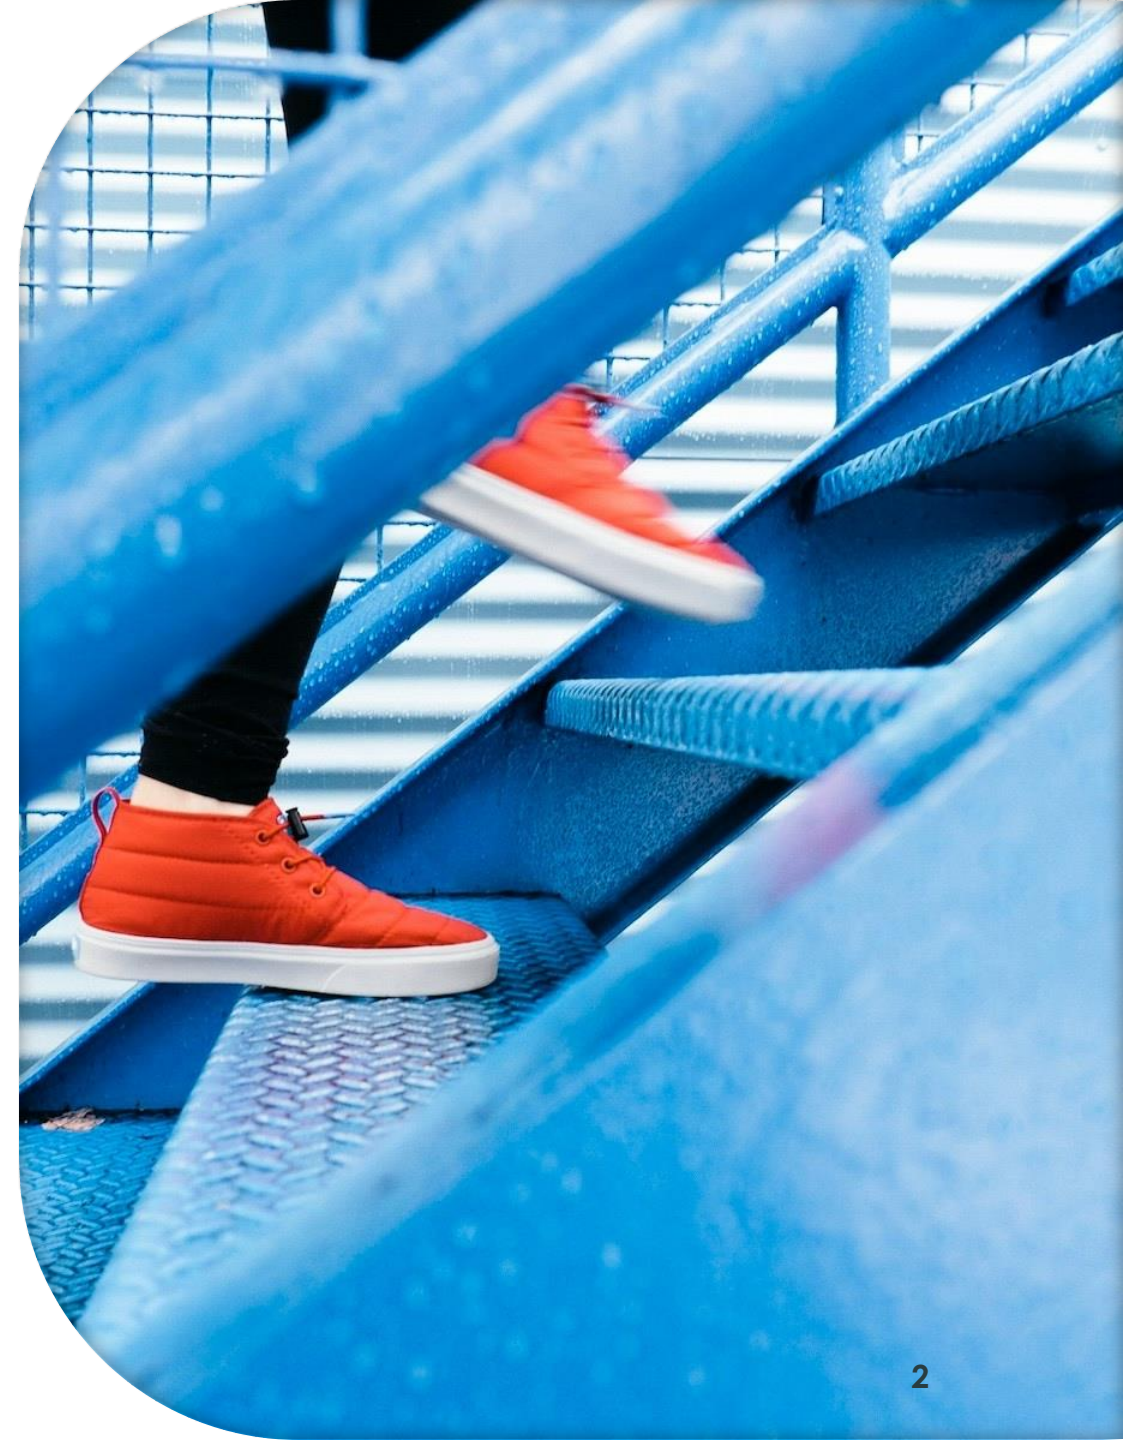

# Welcome

## A note from our team

At Enabler, we believe that great partnerships build exceptional businesses. From day one, our mission has been simple: empower organisations to grow with access to high-quality, actionable UK business data that unlocks real opportunity. The Enabler Partner Program is for companies that want to help others grow — and grow with us.

This program welcomes strategic collaborators from across technology, data, education, government and business support ecosystems. Whether you're a technology integrator, a sales consultancy, a university, or a government-backed growth initiative, we're creating a framework that supports mutual growth and measurable impact.

We're on a mission to make prospecting smarter, simpler, and accessible to every business — and we'd love you to be part of it.

# **Our Mission**

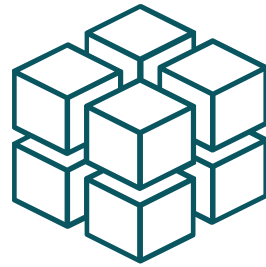

**To grow and support strategic partner relationships by equipping them with the tools, data, and platform to deliver scalable, affordable, and impactful lead generation solutions to SMEs and B2B-focused teams.**

# Our Go-To-Market Framework

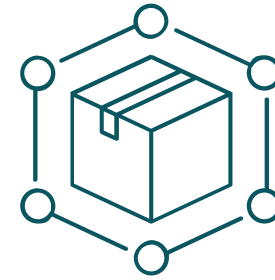

## Grow

Co-create revenue plans, scalable offerings, and pathways to joint success.

## Connect

Deliver value together with clear enablement, onboarding, and ongoing support.

## Market

Drive awareness and pipeline via co-branded campaigns, events, and joint initiatives.

# Partner Categories

## Data Partners

Enrich our platform with trusted, verified datasets.

## Distribution Partners

Expand access through bundling or resale opportunities.

## Technology Partners

Integrate Enabler with CRMs, outreach tools, or analytics platforms.

## Reseller Partners

Offer Enabler services directly to your SME or B2B customer base.

## Education & Training Partners

Embed into curricula or deliver upskilling programs.

## Government & Local Business Support Partners

Equip founders and small businesses with scalable sales intelligence.

# Program Benefits

Whether you're embedding Enabler into your services or enabling your community with access:

- Revenue share, discounts, or referral models
- Co-marketing assets and campaign support
- API access and integration support (where applicable)
- Partner success enablement
- Recognition, certifications, and joint thought leadership opportunities

# Levels of Engagement

## **Enabler Select**

For early-stage or project-based partnerships.

## **Enabler Plus**

For strategic partners with active joint initiatives and broader reach.

## **Enabler Ultimate**

For strategic partners with active joint initiatives and broader reach.

# Become an Enabler Partner

We're selecting a small group of strategic partners to join our first Enabler Roadshow. If you're interested in growing with us and empowering your network with smart, self-serve sales tools, we'd love to hear from you.
